

Minister Jodie T Carter
Tournament Director

Resume

I became a member of Pro Duffers Southwest Little Rock Chapter in 1997, during the time Tiger won the Master. Then, shortly before my retirement from Education, after 30 years as a High School Principal in the Little Rock School District. I saw that Pro Duffers, and the game of golf was a way to still have a quality of life even after retirement. During that time, I've served our Chapter as Secretary, Assistant Secretary, Chapter Tournament Director and now currently as President. The last few years I have served the nationals as the Tournament Director. My experience as a High School Principal and computers knowledge made it easier to set up our National Tournaments. I wouldn't have been able to get as much done without the help of Richard Newman as my assistant, he and I have worked beautifully in times past and he has assured me that he would continue to assist me in that effort.

I'm currently running again as the National Tournament Director for Pro Duffers.

During my time as the Director, I have included Closest-to-the Pin, and Long Drive Awards for our guest and each flight in the Tournament. I've made the needed adjustments on the "tough" Pro Golf Courses we play each year. Also, adjustments were made in the flights where our age group has expanded.

I hope that I can serve again!
